

Review of State Support for Renewable Energy, The Electricity Journal. November 2001.

Centolella, P. *The Proposal for a National System Benefits Trust: An Economic and Policy Analysis.* A Science Applications International Corporation Report. 1998.

City of Austin, Texas, Austin Energy. *Notice to consumers. The Power to Choose, Green Power is Flowing into Austin.*

Offers customers an opportunity to choose power generated by renewable resources.

_____, _____. *Press Release.* "Senate Bill 7 Approved During the 1999 Legislative Session, Deregulating the Electric Utility Industry in Texas." 1999.
Discusses impact of SB 7 municipally owned utilities such as Austin Energy and City Public Service of San Antonio.

Colton, Roger D.. *Nonparticipation in Public Benefit Programs: Lessons for Energy Assistance.* Fischer, Sheehan and Colton: Belmont, MA. November 11, 1998.

Commonwealth of Massachusetts, Division of Energy Resources. *1998 Energy Efficiency Activities in Massachusetts.* 2000.

_____, General Court. *Chapter 164 of the Acts of 1997. An Act Relative to Restructuring the Electric Utility Industry in the Commonwealth, Regulating the Provision of Electricity and Other Services, and Promoting Enhanced Consumer Protections Therein.* November 1997.
Establishes the framework for restructuring with the purpose of providing consumer electricity rate savings.

_____, Office of Consumer Affairs and Business Regulation. *Energy Efficiency Activities 1999 - A Report by the Division of Energy Resources.* Spring 2001.

Commonwealth of Pennsylvania. *House Bill 1509, Electric Choice and Competition Act.* December 1996.

Permits retail customers to have direct access, initiates transition to greater competition in the electricity market to benefit all classes of customers on reasonable terms and conditions, expands use of RE resources, and helps business and industry to use energy more efficiently.

_____, Public Utilities Commission. *Energy in Pennsylvania Notices: Renewable Energy; Individuals Assistance/Low Income Home Energy Assistance Program (LIHEAP), Weatherization, Business Assistance, Sustainable Energy Funds.*

Notices are aimed at the consumer community and provide information about RE, EE and other programs related to the restructuring exercise.

CON.WEB. *Special Market Transformation Section, Pacific Northwest Energy Conservation & Renewable Energy Newsletter*. June 29, 1999.

Cowart, Richard. *Restructuring and the Public Good: Creating a National System Benefits Trust*. *The Electric Journal*, April 1997.

Easton Consultants. *Motor Baseline Study*, Final Report delivered to Public Service Department of Environmental Quality. December 10, 2001.

Easton Consultants. *Motor Baseline Study*, Final Report delivered to Public Service Electric & Gas. September 26, 1996.

Develops the information on the commercial and industrial motor market in PSE&G's service territory needed to design a motors rebate program.

_____. *Motor Study*. October 18, 2001.

Reports on the progress of the NEEP utility sponsored program to facilitate sales of qualifying motors and to transform the market by establishing the CEE qualifying energy efficient motor of choice in the Northeast.

Energy Efficiency Working Group. *Funding and Administering Public Interest Energy Efficiency Programs*. M. Messenger, editor. California Energy Commission: Sacramento, CS. 1996.

Eto, Joseph; Goldman, Charles; and Nadel, Steven. *Ratepayer-Funded Energy-Efficiency Programs in a Restructured Electricity Industry: Issues and Options for Regulators and Legislators*. American Council for an Energy Efficient Economy: Washington, DC. May 1998.

- New Jersey Clean Energy Collaborative. *In the Matter of the Filings of the Comprehensive Resource Analysis of Energy Programs, Comprehensive Resource Analysis Report Submitted to the New Jersey Board of Public Utilities for Reporting Period: Second Quarter 2001 (January 1, 2001 through June 30, 2001)*, (Frances L. Smith, Board Secretary). September 26, 2001.
- _____. *In the Matter of the Filings of the Comprehensive Resource Analysis of Energy Programs, Comprehensive Resource Analysis Report Submitted to the New Jersey Board of Public Utilities for Reporting Period: Year-to-Date through Fourth Quarter 2001 (January 1, 2001 through December 31, 2001)*. February 2002.
- _____. *In the Matter of the Filings of the Comprehensive Resource Analysis of Energy Programs, Comprehensive Resource Analysis Report Submitted to the New Jersey Board of Public Utilities for Reporting Period: Year-to-Date through Third Quarter 2001 (January 1, 2001 through September 30, 2001)*, (Frances L. Smith, Board Secretary). November 30, 2001.
- _____. *In the Matter of the Filings of the Comprehensive Resource Analysis of Energy Programs, New Jersey Clean Energy Program Filing: 2002* (Frances L. Smith, Board Secretary). November 1, 2001.
- _____. *Minimum Requirements for Program Administration - 2001 Results*. Response to Davies Associates, Inc. Data Request of February 6, 2002. March 4, 2002 (version 03/07/02, 2:37PM).
- _____. *Request For Proposals: Commercial and Industrial Energy Efficient Program, Customer-Sited Clean Energy Generation Program, Residential Low Income Program, and Residential Programs Evaluation Studies* with accompanying *Instructions* and boilerplate *Contract*. July 2001 - January 2002.
- _____. *A Statewide Administrator Model*, Presented at NJ BPU Meeting. December 19, 2001.

New Jersey Utilities. *In the Matter of the Filings of the Comprehensive Resource Analysis of Energy Programs, New Jersey Statewide Market Assessment prepared by XENERGY Inc. (UTIL-CRA-1) and Proposed Energy Efficiency and Renewable Resource Utilization Regulations (UTIL-CRA-2)*, Joint Filing, August 19, 1999.

Market assessment of the energy efficiency and renewable technologies and programs in New Jersey in response to the June 9 BPU order for a CRA. The XENERGY report was completed with the assistance of Ed Holt & Associates and Robert Grace of Sustainable Energy Advantage, LLC. The second part of the filing is a draft version of repeals and new rules as they apply to PL 1999, c.23.

_____. *In the Matter of the Filings of the Comprehensive Resource Analysis of Energy Programs, Program Compliance Filing to New Jersey Board of Public Utilities* (Frances L. Smith, Board Secretary), April 9, 2001.

_____. *In the Matter of the Filings of the Comprehensive Resource Analysis of Energy Programs, Program Compliance Filing to New Jersey Board of Public Utilities, Supplement 1* (Frances L. Smith, Board Secretary). July 9, 2001.

_____. *In the Matter of the Filings of the Comprehensive Resource Analysis of Energy Programs, Stipulation and Agreement* (Edward D. Breslow, Esq., Board Acting Secretary), February 8, 2000.

Newcomb, J.. *Energy Efficiency Services: What Role in a Competitive Environment?* The Electricity Journal. 7(9), 1994.

Northeast Energy Efficiency Partnerships, Inc.. *NEEP 2002 Business Plan for Regional Initiatives*. December 3, 2001.

Northwest Energy Efficiency Alliance. *1998-1999 Progress Report*. Northwest Energy Efficiency Alliance: Portland, OR. 1999.

_____. *Northwest Utilities to Invest \$100 Million in Energy Efficiency Through a Regional Alliance*. Press Release. March 17, 2000.

Northwest Power Planning Council, Steering Committee. *Comprehensive Review of the Northwest Energy System*. 1996.

NUI Corporation. *In the Matter of the Promulgation of the Audits of the Competitive Service Offerings of New Jersey's Electric and Gas Utilities Pursuant to the Electric Discount and Energy Competition Act*. Letter with Attachments delivered to the NJ BPU, February 28, 2002.

Opinion Dynamics Corporation and Regional Economic Research. *Baseline Study of the New Jersey Residential Lighting Market*. Report submitted to the Northeast Energy Efficiency Partnership and PSE&G Company, GPU, and Conectiv Power Delivery. November 1999.

Establishes a baseline profile of the residential lighting market in New Jersey to help determine indicators and impacts for energy conservation and market transformation programs.

PA Consulting Group. *Cool Choice Study Group: Northeast C&I HVAC Initiative Process Assessment*. January 15, 2001.

Pacific Energy Associates, Inc.. *Commercial/Industrial Chiller Market Database*. Final report prepared for PSE&G of NJ. September 26, 2000.

Develops and characterizes a detailed list of chillers in the service territory for the purpose of future program marketing. The estimate is that 70% of the installed chiller market was surveyed.

_____. *The Market for Operations and Maintenance Training in New Jersey*. Final report prepared for PSE&G and Conectiv Power Delivery. May 25, 2000.

Assesses the options for utility assistance for O&M training and whether support for training could help increase the efficiency of O&M.

PMC-WGA A Joint Venture. *Audit of Competitive Service Offerings and Affiliate Standards Compliance of the Atlantic City Electric Company*. Conducted for the New Jersey Board of Public Utilities. October 17, 2000.

_____. *Audit of Competitive Service Offerings and Affiliate Standards Compliance of the Rockland Electric Company*. Conducted for the New Jersey Board of Public Utilities. October 17, 2000.

Prahl, Ralph; Schlegel, Jeff; and Goldman, Charles. *Organizing for Market Transformation: Institutional Issues in the Creation of a New Energy Efficiency Policy Framework in California*. In the Proceedings of the 1998 ACEEE's Summer Study on Energy Efficiency in Buildings. August 1998.

Proctor Engineering Group. *Assessment of Energy Savings and kW Reduction Potential for Air Conditioner and Duct Improvements for New Homes in PSE&G Service Territory*. Summary report prepared for PSE&G and Vermont Energy Investment Corporation. March 31, 1997.

Response Analysis Corporation. *PSE&G's E-Team Partners Program - Year Two Program Evaluation*. Summary Report conducted for PSE&G. March 1999.

RLW Analytics, Inc.. *Appliance and Windows Baseline Studies*. Final report prepared for the New Jersey Energy Star Products Working Group. March 15, 2001.

A baseline and market assessment for appliances and windows to be used to finalize Energy Star program designs.

_____. *Commercial & Industrial O&M Market Segment Baseline Study*. Final report prepared for NE/NJ Consortium. July 1999.

Market assessment of Operations & Maintenance practices focusing on the office, health care, and manufacturing facilities in MA, RI, CT, and NJ.

_____. *New Jersey Electric & Gas Utilities: Commercial Energy Efficient Construction Baseline Study - Task 1 Final Report: On-Site Survey of New Construction & Renovation Projects*. January 2000.

Assesses standard market practices and establishes a baseline for equipment specification and building/facility design in new commercial construction in New Jersey to assist in the promotion of energy efficient equipment.

Roper Starch Worldwide, Inc.. *Residential New Construction Attitude and Awareness Baseline Study - The Affordable Housing Market in New Jersey*. Report on findings prepared for the New Jersey Residential New Construction Working Group. April 2001.

This RNC study obtains and presents detailed information on the current affordable housing market and government and private programs in the state.

_____. *Residential New Construction Attitude and Awareness Baseline Study - Integrated Summary*. Report on findings prepared for the New Jersey Residential New Construction Working Group. June 2001.

This report consolidates information from the 13 research tasks conducted through the RNC Study.

_____. *Residential New Construction Attitude and Awareness Baseline Study - Lender Survey*. Report on findings prepared for the New Jersey Residential New Construction Working Group. January 2001.

This RNC survey obtains information on the current and potential roles of lenders in encouraging homebuyers to purchase energy efficient homes.

_____. *Residential New Construction Attitude and Awareness Baseline Study - Participating and Nonparticipating Homebuyer Surveys Report on Findings*. Report on findings prepared for the New Jersey Residential New Construction Working Group. April 2001.

This RNC study obtains and presents detailed information on homebuyer awareness of and attitudes toward the purchase of energy efficient homes.

_____. *Residential New Construction Attitude and Awareness Baseline Study - Real Estate Agent Survey*. Report on findings prepared for the New Jersey Residential New Construction Working Group. December 2000.

This RNC survey obtains information on the current and potential roles of real estate agents in encouraging homebuyers to purchase energy efficient homes.

_____. *Residential New Construction Attitude and Awareness Baseline Study - Residential New Construction Statistics*. Report on findings prepared for the New Jersey Residential New Construction Working Group. May 2001.

This RNC study identifies sources of residential construction data, describes what sources were obtained and statistics were developed, and presents detailed statistics.

Sardinsky, Robert, LC. *PSE&G Commercial Lighting Design Assessment - Addendum to the New Jersey Commercial Baseline Study*. January 2000.

A follow-on study to the RLW Analytics study of installed lighting systems and equipment which evaluates the effectiveness, quality, and efficiency of the design.

Scheer, R.; Brinch, J.; and Eto, J.. *Maintaining Support for Public-Purpose Programs in Competitive Electricity Markets: An Analysis of the Proposed National System Benefits Trust*. Report prepared for U.S. Department of Energy, Office of Utility Technologies. January 1998.

Schiller Associates. *Draft document – Commercial and Industrial Standard Offer Program*. March 31, 2000.

Discusses this Texas Program which provides incentives for the retrofit installation of a wide range of measures that reduce demand and saves energy in non-residential facilities with the goal of providing cost-effective reductions in peak summer demand. It also points out Texas utility industry not-to-exceed costs for such energy efficiency programs and the related administrative costs.

Schumaker & Company. *Audit of Competitive Service Offerings and Affiliate Standards Compliance of Elizabethtown Gas Company*. Final Report conducted for the New Jersey Board of Public Utilities. October 16, 2000.

_____. *Audit of Competitive Service Offerings and Affiliate Standards Compliance of South Jersey Gas Company*. Final Report conducted for the New Jersey Board of Public Utilities. October 16, 2000.

State of California. *AB 1980 Electricity Restructuring Law of 1996*. September 1996.

Provides for the transition to an open electricity market and promotes the use of renewable energy resources, research and development and establishes the Renewable Resources Trust Fund.

- _____. *Senate Bill 90*. October 12, 1997.
Provides for the funding and authorizes the California Energy Commission to implement the renewable energy and public interest research and development programs described in AB 1980.
- _____, California Board for Energy Efficiency. *Annual Report on 1999 Energy Efficiency Programs and Activities*. 2000.
- _____, California Energy Commission. *California Energy Commission Survey of Public Benefit Programs of Publicly-Owned Utilities in California*. 1999.
- _____, _____. *California's Renewable Energy Buydown Program*. Consumer Energy Center Report. December 2001.
- _____, _____. *Renewable Energy Programs Overview*. At www.energy.ca.gov. December 2001.
- _____, Office of the Governor. *News Release. Clean Power Production to Get Boost From State Funds*. "Fifty-five Energy Projects to Add over 500 Mws Announced." June 14, 1999.
- _____, Public Utilities Commission. *Announcements: Meeting February 7, 2002 to Discuss Suspension of Direct Access*. January 25, 2002.
- _____, _____. *Speech by Commissioner Henry Duque, Retail Markets? Why They Work and Why They Don't*. March 14, 2000.
- State of Connecticut. *OLR Research Report 2001-R-0066. Electric Restructuring in Connecticut and Pennsylvania*. January 4, 2001.
- _____. *OLR Research Report 2000-R-1100. . Implementation of Electric Restructuring*. November 27, 2000.
- _____. *Public Act No. 98-28, An Act Concerning Electric Restructuring*,. Sec. 25. Regarding the use of renewable energy sources; Sec. 44. Defining types of renewable energy and mandating the creation of a Renewable Energy Investment Fund to be administered by Connecticut Innovations, Inc.; Sec. 33. Establishing an Energy Conservation and Load Management Fund and the creation of an Energy Conservation Management Board. April 1998.

State of Illinois, Department of Commerce and Community Affairs. *Low Income Home Energy Assistance Program, Program Description, Eligibility and How to Apply*. September 1, 2001.

_____, _____. *Renewable Energy Resources Program (RERP), General Information*. December 5, 2001.

Describes the Renewable Energy Resources Trust Fund established in Article 6 Section 6-1 through 6-5 20 ILCS 687, Renewable Energy, Energy Efficiency, and Coal Resources Development Law of 1997 and who is eligible.

State of Maine, Public Utilities Commission. *News Release, Maine Public Utilities Commission Recommendation to the Legislature on Restructure of Electric utility Industry*. December 31, 1996.

Discusses Legislative Resolve 1995, CH. 48 direction to the Commission and outlines the guide lines to achieve retail competition by year 2000.

_____, _____. *Op Ed piece: Stephen G. Ward, Public Advocate, Will Maine Consumers of Electricity Face the California Problems?* April 2001.

Outlines similarities and differences in how deregulation has effected California and may effect Maine.

_____, _____. *Supplier/rules. Summary of Electric Restructuring Rules in Maine*. August 6, 2001.

Describes rules governing way competitive electricity providers do business in Maine's retail electricity market.

_____, _____. *Talking Points – Maine vs. California Electric Restructuring*. April 2001.

Comments provided for the Maine Utilities and Energy Committee comparing the Maine and California deregulation environment.

_____, State Legislature. *Title 35A, Chapter 32(formally LD1804), Electric Restructuring in Maine*. December 1997.

Provides policy statement regarding use of renewable, efficient and indigenous resources, defines renewable resources and portfolio requirements, discusses establishment of the Renewable Resource Fund and State Planning Office administrative responsibilities.

State of Maryland, State Legislature. *HB20, Maryland Clean Energy Incentive Act*. July 1, 2000.

Provides sales tax exemptions or income tax credits to customers purchasing qualifying high efficiency appliances, electric and hybrid-electric vehicles, and certain renewable energy systems.

_____, _____. *SB 300, Maryland Electric Customer Choice and Competition Act of 1999*. July 1999.

Allows electric customers to shop for the best combination of price and service among various energy suppliers.

State of Montana, Department of Environmental Quality. *Overview of the Universal Benefits Program 2000*, by Paul Cartwright. December 10, 2001.

The USBP, established by the utility restructuring law, ensures that efforts to promote efficiency, renewable energy and programs for low-income customers would continue during the transition period.

_____, Legislature. *SB 390 – The Montana Utility Industry Restructuring and Consumer Choice Act*. May 1997.

Establishes public benefits programs funded by a charge paid by all utility customer, including low-income weatherization and assistance, energy efficiency, renewable resources, market transformation, and RE and EE R&D programs.

State of New Jersey. *Administrative Code, Title 14. Board of Public Utilities, Chapter 4. Energy Competition Standards, Subchapter 5. Affiliate Relations, Scope 14:4-6*. Current through August 20, 2001.

_____. *Public Law 1999, Chapter 23, Sections 1 through 46, 51, 57, 59, 60, 63, 65 and 66*. February 9, 1999.

_____, Board of Public Utilities. *In the Matter of the Audits of All the Electric and Gas Utilities' DSM Revenues and Expenditures Pursuant to the Comprehensive resource Analysis of the Energy Programs*. Energy: Order Initiating Audit. September 26, 2001.

_____, _____. *In the Matter of the Audits of the Competitive Services Offerings of New Jersey's Electric and Gas utilities Pursuant to the Electric Discount and Energy Competition Act*. Audits: Order. February 8, 2002.

_____, _____. *In the Matter of the Interim Customer-Sited Renewable Energy Program Projects - Group 1*, Energy: Order. April 25, 2001.

_____, _____. *In The Matter of the Petition of the Filings of the Comprehensive Resources Analysis of Energy Programs Pursuant to Section 12 of the Electric Discount and Energy Competition Act of 1999*, Energy: Final Decision & Order. March 1, 2001.

_____, _____. *Unpublished compendium of Utility audits of DSM administration costs and operating expenditures incurred by each New Jersey Utility between August 1, 1999 and March 9, 2001, between the unbundling of the Societal Benefit Charge and the*

implementation of CRA [Docket No. EA 1090540]. December 2001.

_____, _____. *In The Matter of the Petition of the Filings of the Comprehensive Resources Analysis of Energy Programs Pursuant to Section 12 of the Electric Discount and Energy Competition Act of 1999, Energy: Interim Guidelines Order*. March 1, 2001.

_____, _____. *In The Matter of the Petition of the Filings of the Comprehensive Resources Analysis of Energy Programs Pursuant to Section 12 of the Electric Discount and Energy Competition Act of 1999, Energy: Program Compliance Filing Order*. August 1, 2001.

_____, _____. *In the Matter of a Request for Proposal to Evaluate and Recommend the Administration of Energy Efficiency and Customer-Sites Renewable Energy Programs Statewide - Docket No. EX 01070447, Memo From Frank Perrotti, Director, To The Board*, August 28, 2001.

_____, _____. Press Release # 03a-01, *NJBPU Approves \$358 Million to Promote development of New Energy Efficiency and Renewable Energy Programs Over the Next Three Years*. March 1, 2001.

_____, _____. Press Release # 15-01, *NJBPU Re-Adopt Existing DSM Regulation - Board to Initiate Proceedings to Make Rule-modifications in Accordance with EDECA*. August 15, 2001.

_____, _____, Division of Energy. *Request for Proposal to Evaluate and Make Recommendations Concerning the Statewide Administration of Energy Efficiency and Customer-Sited Renewable Energy Programs, Docket No. EX01070447*, September 12, 2001.

_____, Division of the Ratepayer Advocate. *In The Matter of the Filings of the Comprehensive Resources Analysis of Energy Programs Pursuant to Section 12 of the Electric Discount and Energy Competition Act of 1999, Direct Testimony of Dr. David Nichols*. August 23, 1999.

_____, _____. *In The Matter of the Filings of the Comprehensive Resources Analysis of Energy Programs Pursuant to Section 12 of the Electric Discount and Energy Competition Act of 1999, Rebuttal Testimony of Dr. David Nichols*. October 12, 1999.

State of New York, Public Service Commission. *Opinion No. 98-3, Opinion and Order Concerning Systems Benefits Charge Issues*. January 1998.

Identifies two public policy goals for public benefits programs: to promote competitive markets for EE services and direct benefits to electricity rate-payers and/or provide economic or environmental benefits to the people of New York. It also specifies that the SBC Funds be administered by NYSERDA.

_____, _____, Energy Research and Development Authority (NYSERDA). *Interim Report. New York Energy Smart Program Evaluation and Status Report*. September 2000.

Reports on the budget, financial and program implementation status to the Systems Benefits Charge Advisory Group.

_____, _____, Energy Research and Development Authority (NYSERDA). *Systems Benefits Charge, Proposed Operating Plan for New York Energy Smart Programs (2001-2006)*. February 15, 2001.

Describes the programs to be funded by the SBC and provides the proposed funding levels for the years 2001-2006.

State of Oregon. *SB 1149 Electric Industry Restructuring Law*. July 1999.

Legislation requiring electric industry restructuring for the state's largest investor-owned utilities with the intent to give consumers more options and to encourage development of a competitive energy market. SB 1149 also specifies that public purpose funds be collected for conservation, new market transformation, and above-market costs of new renewable energy resources. The fund will be administered by a new non-profit organization.

State of Texas. *Texas Energy Efficiency Conference. Program*. June 12, 2000.

Lists speakers and topics discussed at the conference resulting from passage of SB 7.

_____, House of Representatives, House Research Organization. *Focus Report, Electric Utility Restructuring in Texas: A Status Report*. December 17, 2001.

Describes road to restructuring, market participants, glossary, transition to competition and bumps in the road.

_____, Legislature. *Senate Bill 7, Electric Industry Restructuring*. June 18, 1999.

Restructures the partially deregulated electric industry to allow retail competition and provide customer choice in Texas on January 1, 2002.

_____, Public Utilities Commission. *Legislative Implementation Notice, Electric Industry Restructuring – SB 7 – Project 20970*. July 1999.

Summarizes SB 7, announces that: customer choice will be available on January 1, 2002; the bill had been signed on June 18, 1999 and will take effect on September 1, 1999.

_____, _____. *PUCT Notice – Renewable Energy Resources, Renewable Alternatives to Line Extension*. July 7, 1999.

To make consumers aware that they now have the option to choose either a power line extension, solar power or wind power, but that the choice will require careful economic analysis.

_____, _____. *Rule Making Notice. Electric Industry Restructuring SB7 Implementation.* January 10, 2000.

Provides the calendar of meetings and subjects relating to the Commissions Implementation of new Electric Restructuring Legislation.

State of Vermont, Department of Public Service. *Report of the Working Group on Vermont's Electricity Future, Welcome to Vermont Electric Utility Restructuring.* December 18, 1998.

Summarizes Vermont House of Representatives and Senate Bills relating to Electric Restructuring including H.0663, H.0675, H.701, H.485, S-062.

_____, _____. Energy Efficiency Division. *Notice – Energy Efficiency and Renewable Energy for Homes, Businesses and Industry.*

A listing of the active EE and RE projects sponsored by the state of Vermont.

_____, _____. *Report - Electric Utility Demand Side Management Programs, Costs and Savings 1992-1997.*

Provides Utility Program Costs, Annualized Incremental MWh Savings and Coincident Peak (Capacity) kW Savings for the major utility companies and the aggregate of the VPPSA Member Systems.

_____, _____. *Statewide Energy Efficiency Plan, The Power to Save: A Plan to Transform Vermont's Energy-Efficiency Markets.* 1997.

_____, Public Service Board. *Docket No.5980, Investigation into the Department of Public Service's Proposed Energy Efficiency Plan, Memorandum of Understanding including Attachment B Efficiency Utility Program Costs.* September 1999.

Provides definitions, approval, structure and responsibilities of the EEU and the core programs, municipal and cooperative electric distribution utility implementation options, Displays Commercial and Industrial Program and Residential Program cost estimates including administrative costs for the years 2000-2004.

_____, _____. *State Of Vermont Request for Proposals for a Vermont Energy Efficiency Utility.* October 19, 1999.

Calls for the establishment of an Energy Efficiency Utility whose purpose will be to design, administer and implement seven core energy efficiency programs throughout the State of Vermont.

State of Wisconsin, Department of Administration, Division of Energy. *Notice.* 1999.

Affirms that the Division of Energy is the administer of statewide EE, RE and low-income household assistance programs.

- _____, _____, _____. *Notice*. November 1, 1999.
Affirms transfer of the Residential Efficiency Bureau to the Division of Energy and the programs offered.
- _____, _____, _____. *Energy Efficiency Pilot Program, Renewable Energy Sector, Custom Based Renewable Energy*. 1997.
Program will use an expanded Renewable Energy Assistance Program to provide technical assistance and energy grants to eligible customers. Program will provide rewards for market transformation effort for renewables. Program objectives to increase adoption of renewable energy.
- _____, Public Service Commission. *Docket 05-BU-100, Investigation of PSC motion of appropriate measures to maintain or enhance existing levels of energy efficiency, services to low-income customers, renewable resources and R and D in restructured industries*. August 18, 2000.
Outlines the purpose of the public benefits transition plans and how and when they will be transferred to the Utility Public Benefits Fund.
- _____, _____. *Report – Electric Industry Restructuring*. January 13, 1997.
Provides background on the PSC report of February 1996 to the legislature on changes anticipated in the electric industry. This report further discusses anticipated separation of the utilities (Docket 05-BE-101), sets standards for affiliated companies (Docket 05-BU-101), develops service quality standards (Docket 1-AC-164), establishes a Public Benefits Policy Board (Docket 05-BU-100), establishes an Independent Transmission System Operator (Docket 05-BE-100), reforms the competitive bidding and long range planning process (Docket 05-BE-103), and reviews legal status of merchant plants (included in Docket 05-BE-103).
- _____, _____. *Report – Electric Industry Restructuring*. October 2000.
Due to concerns about reliability of electric service the PSC's attention is directed to assure infrastructure improvements are made. Restructuring as it relates to implementing retail competition is put on hold until further notice.
- _____, _____. *Report – Executive Summary*. January 4, 2001.
Discusses passage of Wisconsin Act 9 requiring the PSC to study establishment of a program providing incentives of development of high-efficiency, small-scale electric generating facilities.

Vermont Energy Investment Corporation, *Efficiency Vermont Annual Report 2000, Overall Program Results*. 2001.

Program costs for operating the Efficiency Vermont, the Energy Efficiency Utility showing prior year costs, Actual for 2000, Projected 2000, Projected 2001, Actual to Date and including administrative, implementation, incentive, and total program costs.

Wiser, Ryan; Porter, Kevin; and Clemmer, Steve. *Emerging Markets for Renewable Energy: The Role of State Policies During Restructuring*. The Electric Journal. January/February 2000.

XENERGY Inc.. *Detailed Report of Builder Survey: New Jersey Residential New Construction Baseline Study*. Report prepared for the New Jersey New Construction Working Group. March 29, 2001.

Furnishes background information on the builder component of the RNC survey including recommendations regarding the design of planned statewide programs to increase energy efficiency in new homes and apartment developments.

_____. *Detailed Report of Building Inspector Survey: New Jersey Residential New Construction Baseline Study*. Report prepared for the New Jersey New Construction Working Group. March 29, 2001.

Furnishes background information on the building inspector component of the RNC survey including recommendations regarding the design of planned statewide programs to increase energy efficiency in new homes and apartment developments.

_____. *Detailed Report of Trade Ally Survey: New Jersey Residential New Construction Baseline Study*. Report prepared for the New Jersey New Construction Working Group. May 16, 2001.

This RNC study reports on the current relationship that subcontractors, particularly HVAC equipment, insulation, and window providers have in the industry and identifies potential means for harnessing the interests and capabilities of subcontractors and suppliers in advancing the objectives of energy efficiency programs for residential new construction in New Jersey.

_____. *Direct Load Control Evaluation*. Final Report prepared for PSE&G. December 28, 1998.

_____. *Direct Load Control Evaluation 2000*. Final Report prepared for PSE&G. July 16, 2001.

_____. *MotorUp Evaluation and Market Assessment*. Prepared for Motorup Working Group. November 5, 2001.

_____. *New Jersey Residential HVAC Baseline Study - Revisions of May 31, 2001 Final Draft*. Report prepared for New Jersey Residential HVAC Working Group. September 7, 2001.

The study includes both a market assessment and a technical assessment for HVAC equipment in existing homes.

_____. *New Jersey Residential New Construction Awareness and Attitudinal Baseline Study: Customer Sited Clean Generation Findings*. Report prepared for the New Jersey Customer Sited Clean Generation Working Group. March 21, 2001.

Compendium of the Roper Starch work and previous XENERGY work on CSCG which establishes a baseline of attitudes and perceptions of the market for CSCG in New Jersey.
